THE BRIGHTER WAY TO NAVIGATE YOUR BUSINESS

Introducing Solomon365 – A cloud-based solution to become future-ready.

FUEL YOUR FUTURE.

In today's ever-changing environment, many organizations can feel in the dark when it comes to managing their risks. Yet, when these risks are planned for and navigated properly, it can fuel your business to new heights. Of course, this requires a new way of leveraging your risk and governance processes. Are you ready?

Meet Solomon365: a cloud-based risk and governance platform to help your organization navigate challenges and opportunities at a whole new level. Benchmark your organization across a variety of key areas, identify pivotal opportunities/gap areas, develop improvement plans, and access a library of resources to create meaningful change – all in one easy to use tool.

A BRIGHTER PATH FORWARD.

Solomon365 offers a guided, forward-looking process for managing risk. It equips you with proven diagnostic tools, strategies, how-to-guidance, roadmaps, action plans, and more.

Solomon365 also helps to integrate the three vital capabilities of a future-ready risk governance system:

AGILE BOARD OVERSIGHT
TO PROVIDE STRATEGIC RISK GUIDANCE

DYNAMIC STRATEGY EXECUTION
TO OPTIMIZE RISK PERFORMANCE

PROACTIVE RISK VERIFICATION
TO STAY RISK PROTECTED

FULLY INTEGRATED. ENTHUSIASTICALLY EMBRACED.

Sound decisions are made when teams have strategic alignment, ongoing communication, and an ability to access key risk information. One of the most powerful benefits of Solomon365 is that it connects the right people and information together so that everyone throughout your organization's ecosystem is prepared to respond to increasingly complex risks, challenges and opportunities – for greater peace of mind amid the turbulence.

What's more, Solomon365's impactful insights and measurable results can help you answer the following questions with confidence:

- "Do we fully understand the risks facing our organization – both big and small?"
- "Are we prepared to act swiftly when major changes arise?"
- "Do our board, strategy, and risk processes effectively integrate around risk?"
